Subject: Horizon 2020 Framework Programme
Call for proposals: H2020-SC6-GOVERNANCE-2018-2019-2020 (H2020-SC6-GOVERNANCE-2018)
Proposal: 822677 — POPCON
Evaluation result letter — Reserve list letter

Dear Madam/Sir,

I am writing in connection with your proposal for the above-mentioned call.

Having recently completed the evaluation, we would like to inform you that — although it has in principle received a favourable evaluation — it is **unfortunately** currently **not high enough** in the **ranking** to be funded (given the budgetary limits).

It has however been put on the **reserve list** of proposals that might be invited to grant preparation, if proposals with a higher ranking drop out or additional funding becomes available. In this case, we would contact you and invite you for grant preparation.

Please find enclosed the evaluation summary report (ESR), based on the comments and opinion of the experts that evaluated the proposal for the Agency.

Please note that you will be informed once the Agency has taken a final decision on your project.

I would be grateful if you could inform the other members of your consortium of this letter.

Yours faithfully,

Corinna AMTING
Head of Unit

Enclosures: Evaluation summary report (ESR)

Information on the means of redress

You may request an ‘**evaluation review**’ on the procedural aspects of the evaluation (not the merits of your proposal). This request must be submitted by the coordinator (via the following link: <https://webgate.ec.europa.eu/redress-frontoffice/work.iface>) — within **30 days** after receiving this letter.

 Please note that this letter does **not** constitute a **final position** of the Agency concerning funding. You can therefore not — at this stage — take any other action (*e.g. file* an Article 22 request or *an Article 263 action*). You must wait for the information on the final decision of the Agency and can then take action against that decision. The **deadline** will start to run from when you receive the final decision.
