## Official Notification of Acceptance

Dear Dr. Ben Stanley,

Thank you for submitting a paper proposal for the 28th IPSA World Congress of Political Science, to be held in Seoul, 12-16 July 2025, with the theme "**Resisting Autocratization in Polarized Societies**".

Paper proposals were reviewed by panel convenors and track chairs. If not accepted in a track during the first round of review, an additional review was performed by the Program co-chairs.

We are pleased to inform you that your paper proposal titled

**Measuring a Moving Target? Populist Attitudes When Populists are In and Out of Power**

has been accepted in the panel

**The Supply and Demand of Right-Wing Populism in the 2020s.**

Should more than one of your proposals be accepted, only one (1) will be accepted in the final program and any others rejected.

### Please take note of the following obligations and deadlines:

- Your paper will remain in the Congress Program if you (or your co-author) register by **8 May 2025**. If you fail to complete the registration by this date, your paper will be withdrawn from the Congress Program.
- If your paper is co-authored, at least one of the paper authors must complete a registration and present the paper at the Congress.
- Upload the complete paper by **20 June 2025** in your online account.
- All paper presentations must be made orally in-person at the Congress, in no more than 15 minutes. Remote (online/virtual) presentations are not permitted.
- Oral presentations are to be made in the same language as indicated in the proposal submission: English, French or Korean (LOC tracks only). Papers accepted in closed panels may be presented orally in a language other than English or French, as determined by the panel convener, provided that all panel members agree.

The certificate of attendance and the letter of participation will be available in electronic format (PDF) to registered participants who attended the Congress, as of 17 July 2025 in the "My Congress" user menu.

Best regards,

Azul A. Aguiar-Aguilar and Irasema Coronado  
World Congress 2025 Program Co-Chairs
